# EXPO 2030 ROMA

## "People and Territories: Regeneration, Inclusion, Innovation"

Expo 2030 Roma will open on the **1st of May** and will close on the **31st of October 2030**.

For **Expo 2030 Roma**, we are bringing a new vision inspired by the values of **peace, justice, coexistence** and **sustainability**, which are aligned with the United Nations Sustainable Development Goals (SDGs), in the year when these SDGs will come up for review.

5th country in the world, and 3rd in Europe, in terms of international tourist arrivals, Italy attracts millions of tourists every year and **30 million visitors** (51% national and 49% international) **are expected for Expo 2030 Roma**.

**Expo 2030 Roma** will be an extraordinary showcase where the **Participating Countries will be the main protagonists**, a place where the smallest and most marginalised Nations will be able to enjoy the widest visibility and attention: a totally democratic project, through which each Country will be empowered to express, on an absolutely equal footing, its own traditions, needs and requirements, its own ideas and its own vision of **how to interact with our Territories and how to connect People**.
